

Annual Reporting Form

The Annual Reporting Form is to be used by families who have chosen to report once-a-year to CCS. Parents should submit a report once 180 days of actual school is completed. Those reporting twice a year should use our Semester Reporting Form. Along with this form, parents will need to include a lesson plan/journal (or standardized test scores) and samples of the student's work. High school students reporting non-traditional courses (band, organized sports, driver's ed, etc.) will need to include a Non-Traditional Credit Worksheet. CCS' grading scale is required. Grades (letter and percent) will be indicated for both first and second semester.

Student's Name		Grade		Date-of-Birth
